

Email sent to Year R-5 Parents on Thurs 19th March re. Topic Books

Dear Year R-5 Parents/Carers,

TOPIC BOOK - SPRING TERM 2026

We are sending your child's Spring Topic book home next week, so that you will be able to enjoy, share and celebrate all the wonderful work that has been completed over the term. We do hope that you will have time, over the holiday, to take the opportunity to discuss the different pieces of work with your child.

After the Easter break, it is important to **return this topic book** as it will contribute to on-going assessments for your child. Of course, as in keeping with tradition, all topic books will be sent home at the end of the academic year.

Many thanks once again for all your support toward the successful learning for our children this term. We would encourage you to write your responses, to the topic book, on the evaluation sheet provided.

Anna Corless
Deputy Head Teacher
