

Email sent to Y4 Parents on Mon 15th June re. Violin lessons

Dear Year 4 Parents and Carers,

VIOLIN LESSONS

As you know your child has been learning the violin in the Year 4 whole class lessons during this year and hopefully has enjoyed the experience. There will be spaces for pupils to continue having violin lessons in small groups in September.

As you may be aware, there has been a very strong tradition of children playing the violin in Broadwater school for many years and we are keen to keep the tradition going. Like anything that is worth doing, playing an instrument does need perseverance but the benefits and enjoyment factor are huge and it is a skill for life. On top of that, once they have reached the required level there is the chance of making new friends by joining a string band at the local music centre which takes place at Bohunt School.

From September, we have a new teacher taking over the private violin lessons and she has worked closely with Mrs Gibbins for many years. If you would like more information about lessons, please contact her directly on <https://erinhartestovell.mymusicstaff.com/lessons>

Kind regards

School Office
