

BROADWATER WRAP AROUND CARE

Summer Newsletter 2026

What an incredible Summer term we have had here at Wrap Around Care. With the warmer weather breakfast and afterschool club have been bursting with energy, creativity and outdoor fun. It has been a joy to watch the children try new activities and make the most of the sunshine.

Here are just a few of the most popular activities we have undertaken this term:

Outdoors:

The children have enjoyed playing cricket with our new cricket set. It has been great to see the older children teaching the younger ones how to play this team sport.

Table football - the children have loved using the playground football table (especially during the football season).

Indoor games:

The Pool table has become a new favourite game for children, not only this term but this academic year! It has been a nice way for children of different ages to interact and play alongside each other.

Arts and crafts:

Suncatchers - the children have brought the glorious weather inside by making beautiful suncatchers for our windows.

Fans - this craft was a must have this term and they (obviously) came in very useful.

Watercolours - the children enhanced their creative skills to produce some wonderful summery pictures.

We would like to thank all of our families and our dedicated staff for a fantastic academic year at Wrap Around Care and we hope we can continue to provide such high quality to your children in the new academic year.

Wrap Around Care team
